

104

1. The points shown on this map are the result of a survey conducted by the U.S. Army Corps of Engineers, District of Columbia, in the year 1904. The survey was made for the purpose of determining the location of the points relative to the base line of the survey. The points are shown as small 'x' marks on the map. The lines connecting the points are the result of the survey. The map is a reproduction of the original survey map.
